53 Years Experience

Is back of Mills Seeds. Our trade has increased year by year and this should be the best proof that MILLS SEEDS give satisfaction.

The Mills Guarantee

FIRST—We guarantee the Vitality and Purity of our Seeds to the full amount of the purchase price if properly planted and cared for the same year they were purchased, if proof is furnished that the fault was with the seeds.

Even with the highest quality of Seeds success depends largely upon soil, not too deep or too shallow planting, cultivation and weather conditions after planting.

It is, therefore, agreed that in no case shall we be liable for more than the amount actually paid, and if not accepted on these conditions, they must be returned at once.

SECOND—We guarantee the safe arrival of all Seeds in good condition, and should anything be damaged or lost on the way we will refill when proof is furnished. This is the Double Guarantee that protects all who purchase MILLS SEEDS.

An Unsolicited Letter

Mr. J. I. Hoopes, 14909 Reddington Ave., Bedford, Ohio, September 26, 1939, writes:—

Just a few words of praise for your flower seeds. This year practically all my seeds were secured from you, and must say I've had better success with them than when secured from expensive Houses. Especially your Double Petunias were 100% successful. Am enclosing several pictures of certain sections of my garden which you may use any way you see fit.

Trust that you may continue selling your good seeds.

As proof that our Seeds are as good as can be produced we print above an unsolicited letter from one of our customers, of Bedford, a suburb of Cleveland, Ohio.

The Garden Club in conjunction with the Cleveland Press conducted a Flower Garden Contest, and Mr. Hoopes won First Prize for Cleveland and Suburbs. We have photos of his Garden but for lack of room regret we cannot show them on this page.

If anyone has occasion to write Mr. Hoopes, please include 3c stamp for reply.

New FLOWERS for Your 1940 FLOWER GARDEN

COSMOS—Early Double Sensation

Cosmos—Early Double Sensation

After years of selection an early Double Sensation has been developed similar in height to the Single Sensation. Flowers average 4 to 5 in. across under good cultivation with large crested centers as shown in photo, coming in colors of Pink, Crimson and White. No description can do justice to the beauty of these large perfectly moulded double flowers. Seed limited.

Mixed. Pkt., 20 seeds 10¢.

Star of the Desert—Volutaria

An attractive new flower from the African Desert easily grown from seed. Our trials prove that it does well in this country. Plants produce long slender flower stalks and when blooms are cut for decoration they keep their lovely deep lavender color for nearly a week.

Pkt., 30 seeds 5¢; 70 seeds 10¢.

Marigold—Tall Single Ferdinand

One of the gayest of our new Marigolds of the Harmony type. The single flowers have a neat round crested center of dainty tubular florets in a delicate shade of golden yellow, surrounded by a single row of broad Mahogany-red guard petals as shown in photo. Stems long making Ferdinand a fine new cut flower, and a showy garden plant. An early bloomer beginning to flower in 3 months from seed, and does not have the strong Marigold odor.

Pkt., 30 seeds 5¢; 70 seeds 10¢.

New PETUNIA—Glow

A great achievement in the development of Petunias first offered this year, and is much talked about; a rare combination of dazzling carmine-red color with dwarf bushy plants as shown in photo. Individual flower measures more than 2½ inches across and borne in great profusion over the dwarf bushy plants. We believe in richness of color, this excels all other varieties of similar type. Under the sun the glowing carmine-red is particularly beautiful. Highly recommended for pot culture or for the border.

Pkt., 100 seeds 10¢; 175 seeds 15¢.

Mile-A-Minute Vine

Very fast growing, attractive Ipomea also known as Alamo Vine. Foliage is fine and multi-cut, and plants under normal conditions make a growth of 20 feet or more in a season. Flowers creamy white deep wine-red in center opening late in the morning with bright sun and remain open during the afternoon. Blooms until late in the fall and not affected by first light frosts. Does best in south.

Pkt., 20 seeds 10¢.

New Snapdragon—Rosalie

Large Flowering Giants — Rust-Resistant
This exciting color is entirely new in Snapdragons, a rich deep rose with an underlying tone of topaz or amber, which makes it stand out among all other colors. Plants are base branching and produce from 6 to 8 huge long flowering spikes on which the florets are artistically arranged; is highly recommended for bedding or cutting.

Pkt., 100 seeds 5¢; 250 seeds 10¢.

New Giant Stock—Fiery Red

This Super Giant Stock grows about 3 feet tall, is base branching, each plant producing under normal conditions from 12 to 15 huge fiery red flower spikes with the double florets measuring 2 inches or more in diameter. Easy annual to grow.

Pkt., 75 seeds 5¢; 200 seeds 10¢.

(Shown on page 4)

Morning Glory—Heavenly Blue

This early flowering strain comes into bloom early in the Summer and continues throughout the season. Flowers very large and freely produced, color a deep blue shaded lighter toward the center.

Pkt., 40 seeds 10¢; 100 seeds 20¢.

Monster Zinnias

We claim this the largest strain of Zinnias grown. One customer, Mrs. Buckley, reports plants 6 ft. tall; blooms enormous size in many colors. Tests show over 18 shades and colors in these Monsters.

Mixed. Pkt., 40 seeds 5¢; 100 seeds 10¢.

New Scabiosa—Rosette

Rosette is a beautiful shade of deep rose heavily suffused with salmon a shade almost impossible to reproduce in printing. Flowers are extra large and stems long and stiff.

Pkt., 30 seeds 5¢; 70 seeds 10¢.

Baby Zinnias for Pots

Have you ever tried to grow Zinnias in the house? Here is one just right for this work, double flowers 1 to 1½ inches across; colors red, orange, yellow, pink, rose, and pastel shades.

Mixed. Pkt., 40 seeds 5¢; 100 seeds 10¢.

Petunia—Betsy Ross—Ruffled

Large blooms, well ruffled with good open throats; red and white color blending to deep red in throat. Plants grow uniform and compact, completely covered with ruffled blooms. Pkt., 80 seeds 10¢; 130 seeds 15¢.

Ageratum—Midget Blue

Smallest of all Ageratums, first introduced this year. Plants grow only 2 to 3 inches high, with delicate fine foliage smothered with small true Ageratum-blue flowers.

Pkt., 125 seeds 5¢; 300 seeds 10¢.

Zinnia—Fantasy Wildfire

Very showy of the Fantasy type, plants 2 to 3 feet, coming into flower about 50 days from seed; blooms a rich dazzling scarlet.

Pkt., 40 seeds 5¢; 100 seeds 10¢.

Snapdragon—Salmon Rose

Plants grow 12 to 15 inches tall, each plant quite uniform in size, branching freely throwing up several flower spikes about 1 ft. long salmon-rose color. Very showy and greatly admired.

Pkt., 100 seeds 5¢; 300 seeds 10¢.

Aquilegia—Clematiflora

New spineless Columbine with beautiful open flowers like Clematis. Grows about 2 feet and flowers in abundance. Seed crop very limited.

Mixed Colors. Pkt., 15 seeds 10¢.

Statice—Art Shades

A beautiful blend of new Art Shades of Sinuata Hybrids produced on long stems in large clusters on robust plants.

Mixed. Pkt., 20 seeds 5¢; 50 seeds 10¢.

Cornflower—Lilac Lady

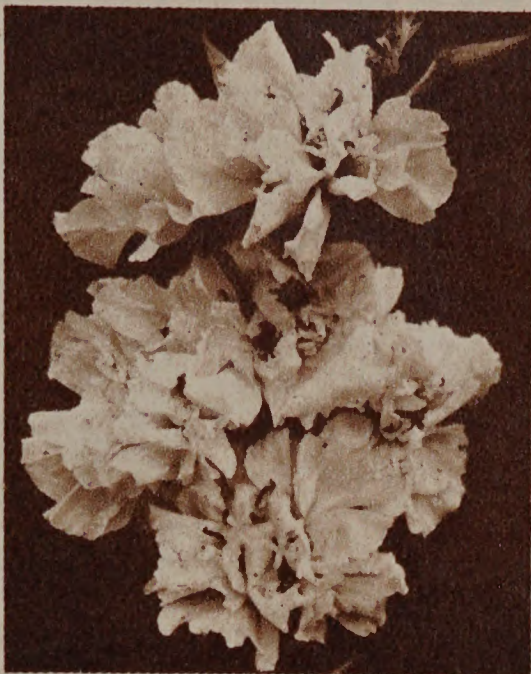

Attractive Double flowers of bright lilac-mauve. Plants grow compact and attract attention when grown in clumps or borders. Seed limited.

Pkt., 40 seeds 10¢.

Marigolds—Red and Gold Hybrids

Only large-flowered Red Marigolds in existence. Some flowers are solid red, while others are beautiful combinations of red and gold. They are the earliest of all Marigolds, flowering in about 8-weeks from seed, and will continue blooming several months in the open garden. Our seed comes direct from Burpee the originator. Pkt., 60 seeds 10¢.

Outstanding Specialties of Unusual Beauty

Azaleaflora—Dwarf Double

Beautiful annual from the Godetia family resembling Azaleas. The attractive blend of shades and colors is gorgeous. Easy to grow from seed; flower all summer producing masses of double blooms. We offer a special blend of shades and colors. Mixed. Pkt., 100 seeds 10¢; 160 seeds 15¢.

Dimorphotheca—Spectabilis

Has single daisy-like flowers in abundance of deep pink with shining black center. Stems long, excellent for cutting. Easily grown, does well in hot dry places where others fail. Half-hardy annual, blooms first season from spring sown seeds.

Pkt., 75 seeds 10¢; 125 seeds 15¢.

Celosia—Royal Velvet

New early blooming, Cockscomb type; extra large heads of rich ruby-red with velvety texture. Foliage bronzy green with reddish margins. Plants about 2 ft. high, very uniform. Easily grown, blooming from early summer until frost.

Pkt., 100 seeds 5¢; 225 seeds 10¢.

Rock or Sun Rose

Perennial from Helianthemum family, early planting will produce some blooms first year. May and June of second year are at their best, the lovely colors give impression of Oriental Rug spread out in the sun. Lovely for Rock Gardens or borders. Mixed. Pkt., 50 seeds 10¢; 80 seeds 15¢.

Cynoglossum—Firmament

Dwarf Forget-Me-Not growing only about 12-in. high, which took a bronze medal in the All-America Selections last year. It is an annual easily grown, producing compact plants covered with beautiful sprays of sky-blue flowers until fall.

Pkt., 100 seeds 5¢; 225 seeds 10¢.

Marigold—Little Giants

Real novelty; plants 10 to 12 in. tall produce many beautiful large flowers in color range from yellow to very bright orange with many shades between; 25 or more flowers on one little plant is not uncommon. One of the best dwarf Marigolds. Mixed.

Pkt., 50 seeds 5¢; 125 seeds 10¢.

Morning Glory — Scarlett O'Hara

New color in Morning Glories, rich dark wine-red or rosy crimson. Plants rapid growers and come into bloom quickly from seed. Very lovely and a gold medal winner. 30 seeds 10¢; 50 seeds 15¢.

New Hollyhock—Indian Spring

This is a beautiful New Semi-Double Annual Hollyhock and a great improvement on any Annual Hollyhock we have ever grown. If seeds are sown in early Spring and plants transplanted in the open ground about 6 weeks later, they should be in full bloom 10 weeks later. This plan will give first flowers in a little over 4 months from seed.

Plants grow from 4 to 6 feet tall, entire plant being covered with semi-double flowers about 5 inches across from Pink to Crimson-Rose color. In our trials we left the 1938 plants outside all Winter, without any protection and these plants wintered safely and bloomed profusely Summer 1939.

Pkt., 40 seeds 10¢; 70 seeds 15¢.

Calendula—Orange Fantasy

A new crested Calendula producing flowers 3 to 4 in. across with inner petals crested and outer petals somewhat ruffled of coppery orange, edged mahogany-red. Very showy. 40 seeds 5¢; 100 seeds 10¢.

Pansy—Coronation Gold

The largest pure gold self-colored Pansy with lower petals flushed golden orange. Flowers have a spicy scent; edges are ruffled, stems long, and are highly prized by all who have grown them. The Gold-Colored flowers are very effective.

Pkt., 40 seeds 10¢; 70 seeds 15¢.

Marigold—Flaming Fire

In our Marigold trials Flaming Fire attracted the most attention. The single flowers vary in color from flaming velvety red to various markings of red and yellow. Very unusual.

Pkt., 40 seeds 5¢; 70 seeds 10¢.

New Ageratum—Fairy Pink

This is the first Pink Ageratum we ever offered. It is dwarf and compact and of a delightful soft salmon rose-pink color. Begins blooming when plants are not more than 1½ to 2 in. high, and continues to grow until it is a mass of blooms.

Pkt., 100 seeds 5¢; 250 seeds 10¢.

New Eschscholtzia—Cherry Ripe

This Novelty is a new color in Eschscholtzias. Flowers are semi-double of a bright cerise color suffused terra cotta at the base; a border of Cherry Ripe makes a vivid show.

Pkt., 80 seeds 5¢; 200 seeds 10¢.

New Scabiosa—Pompadour

A new color in Scabiosas and one that will attract every one's attention. It is tall, large flowering, of stately habit, having flowerheads of beautiful wine-red color with white markings.

Pkt., 30 seeds 5¢; 50 seeds 10¢.

Yellow Calla Lilies

Do you know that these superb Golden Yellow Calla Lilies can be grown from seed and come true? Seed germinates in a few weeks.

Few flowers are so colorful and lasting, the rich green foliage being attractively spotted with white. Sow seed any time to produce the beautiful flowering plants. Planting instructions on each packet. This Yellow Calla is a shy seeder which makes seed very limited.

Pkt., Six seeds 15¢.

White Calla Lilies

These Callas may also be grown from seed. They produce large trumpet-shaped pure white flowers and broad green leaves.

Pkt., 15 seeds 10¢; 25 seeds 15¢.

Giant Winter-Flowering Pansies

Gt. Winter-Flowering Pansies

One of the greatest horticultural introductions in years. Plants grow 2 to 3 ft. high with several strong upright stems bearing many blooms on flower stems 8 to 12 in. long. The best time to sow the seeds is in Summer inside in 6-inch pots, and give plenty of sun, air and moisture. From December to May there should be an abundance of bloom in an excellent color range. If the blooms are kept cut, as they mature, the flowering period will continue for a long time. Culture on pkts. Seeds limited. 8 seeds 10¢; 15 seeds 15¢.

Mills Wilt-Resistant Asters

*SPECIAL MIXTURE

Asters have been one of our specialties for many years. Work has been going on for some time to produce a strain of Asters resistant to the Fusarium Wilt Disease, which has caused so much trouble to both amateur and professional growers.

Prevention through Wilt-Resistant strains is the only method of controlling the disease and from the hundreds of letters from our customers all over the United States telling of the excellent results, we feel sure our Wilt-Resistant strain is a great success.

We are offering a Special Mixture of large flowering Asters all grown from Wilt-Resistant stock. This mixture is made up of different colors in such kinds as Crego, Comet, Royal, Ostrich Feather, Branching, Asternum, Beauty, Sensation and others.

Asters are still the most popular autumn annuals, and we ask all Aster lovers to try this strain.

Special Mixture for 1940.

ANNUAL ROCK GARDEN SEEDS

For quick results in the Rock Garden we offer a mixture of seed of those annuals growing from about four inches to one foot in height, all of good bright colors, many of them coming into bloom in a few weeks from sowing the seed.

Many of the varieties in this mixture are hardy annuals, which self-sow and the following Spring would show many new plants coming up from the seed dropped this Fall.

The best method we have found in using this seed mixture is to sow the seed in a space large enough to allow of the seeds being well distributed and as the plants come up and reach a size large enough to transplant, it is not difficult to distinguish the different kinds, which may be taken out and grouped together at different locations selected in the Rock Garden. Pkt., Over 1000 seeds 5¢; Over 2000 seeds 10¢.

WILD FLOWER GARDEN SEEDS

A mixture of colorful and attractive Annual Flowers including many California native flowers, a very beautiful collection which will give a natural or wild effect in the garden. We believe you will enjoy this collection of flowers. Pkt., Over 1000 seeds 5¢; Over 2000 seeds 10¢.

ANNUALS FOR BEDDING

A mixture of showy free-blooming Annuals for beds and borders in a wide range of colors, such as shades in Reds, Blues, Pinks, Goldens, Yellows, Whites, and many Fragrant sorts. A great many of these flowers can be used for cutting for bouquets if desired. Pkt., Over 1200 seeds 5¢; Over 3000 seeds 10¢.

Seeds of Climbing Vines and Flowers

Climbing Vines give the garden an attractive appearance, and they are also used extensively to shade porches and to hide unsightly views or buildings. We offer Climbers that are easily raised from spring planted seeds, of most popular varieties.

GIANT ASTER NOVELTY \$100.00 PAID FOR NAME

Last year we sent out to our customers for *TRIAL Thousands of Test Packets* of our *Giant Aster Novelty* and offered \$100.00 for a *NAME*, to be selected by two *Horticulturists*.

The conditions required that all names submitted be written on the empty *Seed Packets*, and also the name and address of the *Customer* submitting the name.

The naming contest closed at midnight *Oct. 20th, 1939*, and the two *Judges* after a great deal of work in checking over the thousands of names submitted, decided on "*LAVENDER TREASURE*" and awarded the \$100.00 to the customer submitting it, according to their report below—

The following is the *Judges' report*:

We, the undersigned *Horticulturists* acting as *Judges*, have examined all names submitted in the *Aster Naming Contest*, and hereby certify to the award as follows:
MISS C. R. DORAN, 32 Jenkins St., Providence, R. I.
LAVENDER TREASURE

Arnold J. Pearson, Onondaga Hill, N. Y.

Andrew W. Kuhl, 172 Kuhl Ave., Syracuse, N. Y.

Horticulturists

This has proven to be the most interesting and successful *Test* we have made in many years, and instead of our describing this *Aster* we are printing a portion of as many letters as possible from *Customers* telling what they think of it, selected from the thousands received from various parts of the country.

We are making *LOW PRICES* so all our *Customers* can grow *LAVENDER TREASURE ASTER* in 1940.

Pkt.. 60 seeds 10¢; 100 seeds 15¢; 250 seeds 30¢.

Mrs. David Crosby, New York, writes:-

My new Aster is so surpassingly beautiful in its varied shades of lavender with white stripes on edges of petals that I consider it the queen of flowers.

Mrs. J. Bochnewetch, New York, writes:-

The Asters were so large and beautiful. We have never had anything like them before. We had several different kinds and beds of Asters but nothing to compare with what you sent us as to size and beauty.

Mrs. Wilbur Jacobus, N. J., writes:-

Must congratulate you on the addition of the glorious new Aster. The plants were strong, clean, and handsome while the flowers were 6 to 7 in. across of an exquisite shade of lavender, and all but one plant showed light stripes on petals.

Miss M. Diorio, New Jersey, writes:-

It was truly a beautiful flower, far lovelier than any Aster I have ever grown before; the satiny texture of the petals, the strength and form of the plant, and the delightful color of the bloom make it a really wonderful flower.

Mrs. James V. Howarth, Pa., writes:-

I grew the Aster that you sent trial seed of and my blooms are lavender with white stripes just as you described it; large and beautiful.

Mr. Charles F. Hoover, Pa., writes:-

After raising your Asters they are just as you describe them in your catalog. I have several varieties this season, but yours surpass all others. Exquisite, is the only word that could describe such a gorgeous creation.

Mrs. C.W. Stephens, Wisconsin, writes:-

My Asters are beautiful, such lovely shade of lavender. Wish you could see them.

Mr. Luke Budnich, Wash., writes:-

Your Novelty Aster did very well here in Seattle. My friends admired them very much and I think they are beauties. The flowers are in several shades of lavender with white edges and when the light shines on them they look as if they were lined with silver.

Mrs. George Bossert, California, writes:-

I planted the giant Novelty Aster seed you sent me last spring. It has been so interesting watching the blossoms come; one of the first was a lovely large one with such dainty white edgings on the petals. They look so silvery in the morning light.

Mrs. L. H. Geddes, Ohio, writes:-

The Aster is the most beautiful I have ever raised and received the most comments of any flowers in my garden.

Mrs. Frank York, Oregon, writes:-

Your Aster is the most beautiful I have ever grown. I took first prize with it at the County Garden Show. The blooms measured 6½ in. across.

Mrs. T. S. Bradford, Texas, writes:-

My Asters are beautiful large flowers, all the same shade of lavender with fine white stripes on the edge of the petals.

Mrs. W. T. Lang, Mississippi, writes:-

Aster seed came up and grew to be giant hardy plants, with the different shades of lavender and white striped petaled flowers.

Mrs. Jennie Pearson, Alabama, writes:-

I grew 13 plants which have been blooming since early summer and are still pretty indeed. There has never been another so colorful, so beautiful, so magnificent. It sure is the Southern beauty.

Mrs. E. C. Cook, Florida, writes:-

The Asters grew giant fluffy flowers, the petals curled and twisted, and in different shades of lavender. I have never seen a more beautiful Aster.

Mrs. G. D. Golden, Georgia, writes:-

I can truly say your Aster is the most gorgeous I have ever grown or seen anywhere. I won a blue ribbon on a vase of them.

Mrs. O. C. Ferrier, Arkansas, writes:-

I've never seen such beautiful Aster blossoms.

Mrs. Frank J. Stevens, Tenn., writes:-

This Aster is the first I have been able to successfully grow in this climate; the blooms are large, striped, and shading from deep lavender almost to white, and very lovely.

Thelma Woodson, S. C., writes:-

Have grown your Aster novelty and find it to be the most delicate and beautiful shade of lavender I ever saw, with white stripes on edges of petals.

Adeline Price, Virginia, writes:-

All my friends and neighbors are just simply wild about my wonderful Asters. They are the most beautiful I ever saw.

J. H. May, North Dakota, writes:-

The Asters were the most beautiful grown in this part of the state.

Mrs. C. M. Beckwith, Mass., writes:-

It is a delight, a beauty to look at; blossom 5-in. across, delightful lavender shade with clear white margin on each petal, strong sturdy stalk.

Mrs. Thomas A. Mowbray, Md., writes:-

Your lovely new Aster is a gem, a delicate lavender touched with white ribbon-like edge.

Mrs. Evelyn Cousins, Maine, writes:-

I have tested your new Aster seeds and find them very beautiful; none better.

Mrs. W. A. Watland, Canada, writes:-

I have grown the new Aster and it's the most beautiful flower I have ever grown in my garden, beautiful enough to be grown in a King's garden.

Mrs. M. Shellabarger, Alaska, writes:-

I wish to submit name for your lovely new Aster. It is a lovely shade of lavender resembling the soft glowing lavender of the Northern Lights.

Mrs. Maud Taylor, Toledo, Ohio, writes:-

My friends and neighbors were amazed at the beauty of your new Aster. I enclose photo of my 4-year-old granddaughter who is holding her arms full of these beautiful flowers.

Mrs. Syner, Iowa, writes:-

Novelty Asters were the most beautiful I've ever had; they were simply gorgeous and so large. They looked more like Chrysanthemums than Asters.

These and thousands of other original letters are all on file at our office, and can be examined by anyone wishing to do so.

Dahlias from Seed

Beautiful Dahlias can be grown from seed and plants will bloom from 3 to 4 months after planting. Anyone who can raise a Zinnia or Aster can grow Dahlias from seed.

Double & Single Mixed

Some of the finest large Dahlias and richest colors have been found among seedlings, and it is very doubtful if there will be any two alike from a packet of seed.

Special Mixture Double and Single;
Pkt., 40 seeds 5¢; 100 seeds 10¢.

DAHLIAS—DOUBLE & SINGLE MIXED

Giant Hornsveld In our many trials of Dahlias from seed we have found one that is a wonder in size and colors, producing enormous double and semi-double blooms in rich shades and colors.

It is a healthy and strong grower (see photo), and will delight all who love fine, large Dahlias. Try to grow these Dahlias in 1940. Giant Mixed.

Pkt., 40 seeds 10¢; 100 seeds 20¢.

Dwarf Hybrids These hybrids are entirely different from other Dahlias and are easily grown from seed. Plants grow 15 to 20 inches high, and require no staking.

Flowers are semi-double in a wide range of beautiful colors and are produced in great abundance. They will bloom in about 90 days from seed and continue until frost. Mixed.

Pkt., 70 seeds 5¢; 150 seeds 10¢.

CUPHEA
FIRE FLY.

Cuphea—Firefly

Dwarf compact plants producing great quantities of small delicately formed flowers a fiery cerise-red color; a plant when in full bloom appears almost like a ball of fire. Fine for rock gardens, window boxes, flower-pots; blooms readily in 12 to 14 weeks from seed.

Pkt., 50 seeds 10¢; 80 seeds 15¢.

Gladiolus—From Seed Our seed is saved from large plantings of choice varieties including prize winning sorts and new and rare introductions.

This seed will produce bulbs the first season and if planted early many will bloom the first year, and the wide range of new and rare colors hardly any two alike, will be a surprise and delight.

Pkt., 40 seeds 5¢; 100 seeds 10¢.

Perennial Flower Seeds

Grow Your Own Plants

Perennials about the home grounds are a continual source of joy from early Spring to late Autumn, furnishing some of the most beautiful cuttings for house decoration. You can have the best perennials in a most generous measure by sowing the seed, at a slight cost compared with the cost of buying the plants and you will have the fascination of growing your own perennials. Seeds of perennials may be sown indoors in boxes during February, March or April, or outside any time in Summer in seed beds protected from hot sun and storms, and young plants, when 2 to 3 inches tall, set out where they are to flower. Our "Leaflet" tells you how to grow perennials from seed. It's free to customers.

Achillea THE PEARL. One of the best white-flowering perennials. From Spring to Fall covered with clusters of small snow-white, double flowers. A splendid cut-flower for vases. Very easy to grow. About 2 feet tall.

Pkt., 300 seeds 5¢; 800 seeds 10¢.

Agrostemma (Rose Campion) CORONARIA. An attractive free-flowering hardy perennial of easy culture with very beautiful pink, blood-red and white flowers with silvery foliage. Fine for cutting and blooms from June to September, 2 feet tall. Mixed: Pkt., 300 seeds 5¢. 800 seeds 10¢.

Asters—Perennial A strong and upright growing, free flowering plant producing beautiful blooms. Splendid for cutting.

Mixed: Pkt., 100 seeds 5¢; 300 seeds 10¢.

Arabis (Rock Cress) ALPINA. A hardy perennial plant and one of the very earliest to bloom, with its spreading tufts completely covered with a sheet of pure white flowers. Unequalled as a rock plant or for edging. Grows from 6 to 8 inches tall.

Pkt., 400 seeds 5¢; 1200 seeds 10¢.

Anchusa ITALICA (Dropmore Variety). One of the very best blue-flowering hardy perennials. Plants produce a profusion of rich, deep sky-blue flowers from June to August. A permanent, showy plant for the hardy border, 3 to 5 feet.

Pkt., 30 seeds 5¢; 75 seeds 10¢.

Candytuft—Perennial GIBALTARICA. Dwarf, evergreen plants 8 to 12 inches high covered with violet rose bloom in Spring and early Summer, excellent for low borders or rock gardens where bright, dwarf masses are wanted.

Pkt., 150 seeds 5¢; 400 seeds 10¢.

Chrysanthemum—Mawii A new perfectly hardy perennial with rich pink flowers, about two inches across, 12 inches high. Ideal for the perennial border or rockery. Pkt., 50 seeds 5¢; 125 seeds 10¢.

Double Giant Shasta Daisy This new Giant Double Shasta Daisy is a perennial and a great addition to our cut flower varieties. The blooms are large, about 5 inches across; white, with fringe-like petals and a golden yellow center; the stems are long and wiry, each plant producing several of the long stems and they flower for about 3 months. The flowers look very much like Giant Asters (see photo). Pkt., 40 seeds 10¢; 100 seeds 20¢.

Daisy—Single Shasta A perennial with pure white flowers, on long stiff stems. A valuable flower for the hardy border; also excellent for cutting. Very easy to grow, blooming the first season if seed is sown early.

Pkt., 200 seeds 5¢; 500 seeds 10¢.

Geum These are said to belong to the Rose family and are a beautiful flower. They are very free flowering and make attractive plants for the hardy border and excellent for cutting. The beautiful double and semi-double flowers are very dainty and are produced in golden yellow, scarlet and orange colors. Although it is a perennial, flowering from June to September, they bloom from Spring sown seed the first season if plants are started early.

Hybrida Mixed: Pkt., 75 seeds 5¢; 200 seeds 10¢.

Gaillardia (Perennial Sorts) Among the showy and most effective hardy perennial plants. If sown early they begin flowering in July and continue in shades of crimson, scarlet, yellow and gold.
